THE DIVORCE CAMPAIGN. - The fall divorce campaign has now tairly opened in Indiana, and fifty six cases for divorce are registered on the docket of the Court of Common Pleas of Marion county for consideration during the term which opened on Monday. Habitual drunkenness, abandonment and cruelty are the principal causes alleged by woman complainants, while the men complain chiefly of cruelty, abandonment and adultery. Wm. H. Brown wishes to seperate from his wife, Sarah J. Brown, because in the year 1864 she was guilty of cruel treatment of him by putting cowitch in his bed. Thirty-seven of the applications for divorce are filed by women, and only nineteen by men. August Ferber's wife gets drunk and stays out at night. George G. Williard gets drunk and marries other women. Thomas McNair abandons his Rachel an goes and serves a term at State prison. Robert Moorhouse, complains that his dear Hattie fails "to provide plaintiff with money wherewith to provide the necessities of life," and cruelly prosecutes her Bobby before a justice of the peace for assault and battery. Anna Sedam reluses to allow her Charles to enjoy the comtorts of his home by (her or his?) living there in, and taxes him with the support of worthless male relatives. Catharine Pugh brings two suits by two different attorneys against Reu. Pugh, who leaves her alone and drinks with vile associates. Some of these discontented persons have lived together along time, Albigail G. Townsend having been married in 1846 to Horace Townsend, from whom she now asks to be divorced because he abuses and fails to provide for her. Others found each other out more quickly. Mr. J. A. De Hoff married in 1869, gets drunk and abandons his wife in 1870. The divorce list shows most curious facts, and is well worth careful readnig.

rious facts, and is well worth careful readnig.

As to Chicago, where divorce is in the air, statistics and culled facts of last year's camgaign, from March, 1869, to March of the present year, are also interesting. The whole number of divorces applied for in the Recorder's court was 447; in the Circuit court 36, and in the Superior court, from January to July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which, in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, it was 86—in all 563; to which in July, 1869, i July, 1869, it was 86—in all 563; to which, in order to form an estimate, about fifty should be added to make up the year's balance, a goodly pile of applications—over 600. How false or how limited was Tennyson's notion tion of a high standard. that in the spring people's fancy lightly turns to thoughts of love, may be seen from the fact that at the opening of the year the fancy of more persons turns to thoughts of divorce than to those of matrimony, rising, on the average, from about forty to about seventy. The fact that desertion figures so largely as a cause of marital difficulty in Illinois is due, among other things, to the unstable and migratory ten dencies of Western life, Intemperance, which is another source of this moral abomination, is a necessary consequence of living in the exhausting, because intoxicating, climate of the West, where, for the same reason, insanity is prevalent. An all climates and under all conditions it is the nature of woman to be discontented. In the East this peculiarity appears in woman's rights agitations, salacious litera ture, curtain lectures, and assumption of the garb of men; in the West it crops out as divoice-because of facility. In Illinois, whether the husband gains or loses a divorce suit he is responsible for all costs therewith connected-and-Ossa upon Pelion-while the suit is Institution will commence on the 2d Monday going on the wife can enjoin him from the use or possession of his own real and personal prop erty. Thus is climate aided and abetted by law, and divorce made easy. Throwing affection and decency aside as not entering into the question, the wife has all to gain and nothing to lose by Iodiana or Illinois divorce. Law,

climb again .- New York World. FAILURE OF FRANCIS SKINNER & Co., OF Boston.-[From the New York Herald, September 13. The announcement yesterday that the firm of Francis Skinner & Co., of Boston, had suspended payments, and that their liabilities amounted to \$4,000,000, created immense excitement in the commercial circles of New York. The firm is Bostonian, but in this city they happened to have an agency or branch, which did a very extensive trade in domestic dry goods, principally with Western houses. This agency was recently located at the corner of Leonard and Church streets, but the corner of Leonard and Church streets, but some time ago was removed to the concern of Jordan, Bardwell & Co., on Church street, about half a block away from the original stand. Mr. Brintwell, who acts as representa tive of the concern here, was duly informed yesterday morning of the failure in Boston, but, of course, was unable to account for the cause. Rumor had it that outside speculations in railroad stocks were the cause of the failure. It is said that very little of Skinner & Co's. notes have been in circulation in this city. The losses will be sustained principally by houses in the Eastern States. The failure had no effect on the discount market, as the paper of the firm has not been salable in this market | faithfully instructed. for several months.

public opinion and vagrant desires, push the

inhabitants of the West down an inclined plane

already greased by climate and social influen-

ces, and when they get to the bottom they will

find that it is a greased plane they have to

Mr. Skinner died some years ago and the firm name has since been merely a trade-mark or a skeleton of its former greatness. Some six months ago the firm was placed in difficul ties by attempting to build railroads in Massachusetts and some of the Southern States. Building railroads and selling dry goods are branches of business which do not usually go hand in hand, and consequently Messrs. Francis Skinner & Co., met with financial embarrass ments, but were prevented from going to protest by the Boston banks, which came to their rescue and enabled them to bridge over their difficulties. The Boston banks at that time held a large amount of their paper, and they assisted the firm in the hope of saving themselves, but the sequel shows it was of no avail in the end.

The liabilities of the firm are, at a maximum figure, put down at \$5,000,000, of which amount \$2,800,000 are due to the Pepperel, Laconia, Androscoggin, Naumkesg and Bates

manufacturing companies. Messrs. Francis Skinner & Co., have not been the agents for these companies for six months past, and have never been able to O'L CLOTHS. liquidate the balances due on previous sales.

Immediately cured and Full Vigor Restored. This distressing Affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper in-dulgencies. Young persons are too apt to com-mit excesses from not being aware of the dread-ful consequences that may ensue. Now, who that understands the subject will pretend to deny that the natural powers are lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Mental Functions weakened.— Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion. A CURE WARRANTED IN TWO DAYS. Relief in Six Hours! No Mercury! Persons ruined by Ignorant, Trifling Pretenders and their Deadly Poison, should apply immediately.

DR. JOHNSTON, Member of the Royal College of Surgeons, London, Graduate of one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures

that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately. TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured

themselves by improper indulgence and solitary

habits, which ruin both body and mind, unfitting them for either busines, study, society or These are some of the ead and malancholy effects produced by the early habits of youth, viz: Weaknese of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Publishing of the Head, cular Power, Palpitation of the Heart, Dyspep. sia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symp-

toms of Consumption, &c. MENTALLY -The fearful effects on the mind are much to be dreaded. Loss of memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the

evils produced. Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms

of Consumption.

YOUNG MEN Who have injured themselves by a certain who have injured themselves by a cer(2.n practice, already described, a habit frequently learned from evil companions or at school, the effects of which are nightly felt, even when asleep, and if not cured, rerders marriage impossible, and destroys both nindered by the school below the school of the school of

What a pity that a young man, the hope of h's country, the pride of his parents, should be snatched from all prospects and enjoyment of life by the consequence of deviating from the path of nature, and indulging in pernicious habits. Such persons must, before contemplating

MARRIAGE,

Reflect that a sound mind and body are the

most necessary requisites to promote connubi-al happiness, Indeed, without these the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view, the mind becomes shadowed with despair, and filled

with the melancholy reflection that the happiness of another is blighted with our own DISEASE OF IMPRUDENCE. When the misguided and imprudent votary When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those whe, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat diseased nose, nocturnal pains in the head and diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes of the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration till death puts a period to his dreadful suffering, by sending him to that undiscovered country "from whence no travel-

er returns." It is a melancholy fact that thousands DIE victims to this terrible disease, through falling into the hands of ignorant or unskilful PRE-TENDERS, who, by the use of that deadly Poison, Mercury, &c., destroy the constitution, and incapable of curing, keep the unhappy sufferer month after month taking their noxious or injurious compounds, and instead of being restored to a renewal of Life, Vigor and Happiness, in despair leave him with ruined Health to sigh over his galling disappointment.
